

next generation

logistics and
materials management

SAFETY EXCELLENCE | SERVICE EXCELLENCE | SUSTAINABILITY

The essential partner
for global logistics and
materials management.

ASCO delivers fully integrated logistics and materials management services to support specialist sectors including New Energy, Renewables, Oil & Gas and Decommissioning.

We are uniquely positioned to provide for the end-to-end requirements of our customers, delivering enhanced control, service, safety and efficiency.

ASCO's experience and capability help our customers by transforming operational efficiency and continuously improving their processes.

LOCAL KNOWLEDGE, GLOBAL REACH

Internationalisation

Local content, global reach.

ASCO has the capability to successfully set up a fully integrated logistics and materials management service and supply base, in any new territory, within six months.

Building Local Capability

- Focus on upskilling local employees
- Transfer of competencies through training
- Sharing of established business models and processes
- Meet client standards and objectives
- Compliance with both the client and energy industry standards
- Benefit to the community by creating direct and indirect jobs

ASCO currently supports Quayside operations in Suriname for International Oil Companies.

Extension of our Hammerfest supply base in Norway from our existing Fugleneset base.

Establishment of a new supply base in Dakar, Senegal in collaboration with a consortium of 21 companies to support Woodside Sangomar drilling campaign.

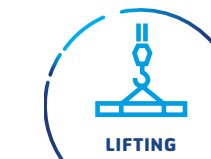

A fully operational supply base managed by Senegalese, providing end to end logistics and materials management solutions.

Built a 6.5 acre pipe yard and two warehouses totalling 17,000 sq.ft within 6 months in Trinidad.

Providing logistics and materials management services to support the drilling campaign of an international operator.

End-to-end Logistics and Materials Management New Energy, Renewables, Oil & Gas and Decommissioning.

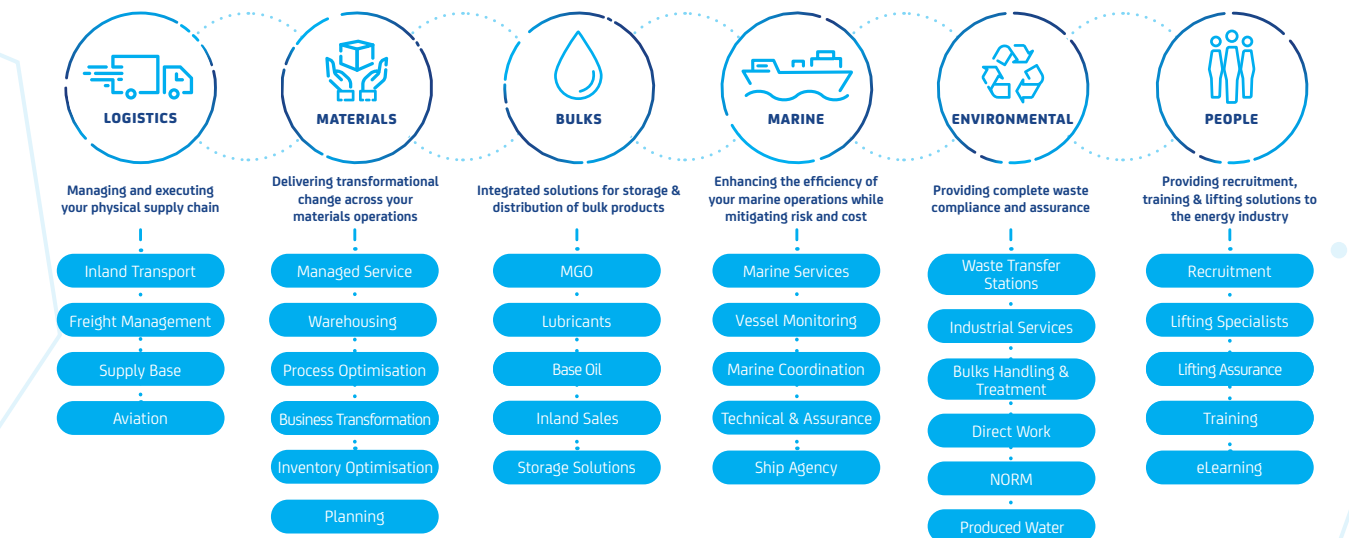

Ensuring the safety of your lifting operations

Setting the standard from ship to shore

Connecting distribution and delivery points to support your operations worldwide

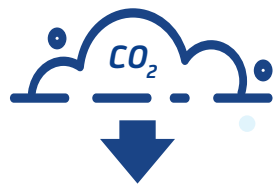

We are ASCO
